

Job offer

Tornado Antriebstechnik GmbH is a leading German manufacturer of customized AC and DC drive solutions primarily for stair lifts, platform lifts, service lifts and industrial doors with over 125 years of experience in innovation.

Tornado Antriebstechnik GmbH - a company of the ACCEDIA Group (www.groupe-accedia.com).

To strengthen our team in the production department, we are looking for a committed

Quality Manager (m/f/d)

What we offer you:

- An permanent employment contract
- Remuneration in accordance with the collective agreement of the metal and electrical industry Berlin-Brandenburg
- Vacation and Christmas bonuses as well as other attractive special payments under the collective agreement
- 30 days vacation
- A flexitime account for overtime and the opportunity to use flexitime
- Company pension scheme (bAV) after the probationary period
- Numerous benefits: "Employees recruit employees" bonus program, fresh fruit, closing time between Christmas and New Year
- An open, collegial working atmosphere in a motivated and competent team

What you do with us:

- Active participation and responsibility for all quality-related topics in the company
- Further development and optimization of the quality management system (QMS) according to ISO 9001
- Carrying out internal audits of the QMS in accordance with ISO 9001
- Contact person and coordinator for audits and certifications - also at international level
- Implementation of quality and customer requirements within the company
- Creation and reporting of quality-relevant key figures, both internally and externally
- Analysis and processing of quality deviations, e.g. incoming goods inspection, internal quality and customer complaints
- Management of the quality assurance team with 4-6 employees

What you bring with you:

- Completed technical studies or comparable training with sound professional experience in quality management
- Sound knowledge of metalworking and the application of quality standards
- Further training as an internal auditor (ISO 9001) desirable
- Good IT skills and experience with common quality management tools
- Very good written and spoken German skills
- Professional experience in an international environment desirable
- Entrepreneurial, cross-process thinking and customer-oriented approach
- Experience in managing employees
- Initiative and team spirit
- Willingness to travel
